I strongly oppose the restriction of Uber in South Carolina.

I have used Ubers services many times and found it to be a safe and efficient means of travel.

Restriction of these services to favor taxi or limo providers is inappropriate and against the fair trade that has allowed our country including SC to prosper.

I request reversal of the cease order for Uber services

Paul Lafavore MD

Subject: Save UBER in SC

To whom it may concern,

My name is Sarah Canady, I currently live in NC but I am moving to SC in March. I used UBER while visiting Charleston (where I'm moving) in October. I used UBER then and planned on continuing using their services when I relocate. I was flabbergasted when I received notice that you have ordered them to cease and desist. I have never had a bad experience ever. They allow me, a single female, security, convenience and reliability. I know who is picking me up and what they drive so if anything ever happens to me, God forbid, someone would know who I was last with, what their name is and what make and model they drive. When I used other local cab services they claim they don't have a card machine though it labels their car as accepting visa and MasterCard or they tell you they only accept cash but conveniently done have change. It's ridiculous and it is the main reason I will never take a cab again. I think you're attempting to constrain capitalism-- why punish a business that found a way to give people what they want for a fair price? If other cabs followed suit, I would gladly use them but no one has and no one can compete with uber because they're top notch transportation providers. Apparently that's enough to threaten and upset people which is understandable but cabs have for so long run cities tyrannically and I am glad uber exists. Reconsider your actions.

Thank you,
Sarah Canady

Please allow Uber to continue operating in SC. This has been a fantastic service and has provided safe, reliable, and helpful rides to me and my friends since last July.

I have NEVER had a bad experience with Uber.

Subject: #SCNeedsUber

Hello,

I rely on Uber for reliable, friendly, safe, and affordable rides. A ride from Mount Pleasant to Downtown is 1/2 the cost with Uber than another cab service. This encourages everyone to make better decisions when it comes to drinking and driving.

#SCneedsUber

Thank you.
